* Elden Ring is a Fantasy RPG with old-style action. * RPG elements with graphics and sound reminiscent of traditional Japanese RPGs. * RPG elements where a party of four characters can be formed to fight against enemies together to overcome their challenges. * A vast world full of variety that will challenge you to explore the world. – About the Main Character Your character in Elden Ring was originally born a human, but due to a force greater than himself, he gained the power of a vampire. Now, he has been reborn in the Lands Between, the ancient vampire kingdom. – About the World Mankind has already begun to spread. The Lands Between, as the homeland of vampires, have become desolate and solitary. The player-character has been given the gift of becoming a vampire. As he wanders through the world, he must take care of himself while slowly absorbing the lore and culture of the Lands Between. – About the Characters and the Battles The player-character looks powerful and imposing, but he is a lonely and weak being. By seeing the world through the eyes of the world, he can learn to be strong and help protect the Lands Between. The End of an Era.

Tarnished, a young Lord who has already lived on this world for a long time, has put in a hundred years. The Elden Lords, the legendary Lords of the deep, have not appeared for an entire hundred years, and all the roots of civilization and its people are threatened at this critical point. Prospectors have been suddenly appearing from the other land full of mines and quarries. They are violently breaking into our world and seeking riches at any cost, seeding the land with treacherous and lethal monsters...

I will Rise!

Recently, a high level Tarnished in the Lands Between has appeared. He has the spiritual power bestowed by destiny and lets nothing deter him. He is true to his quest to Become an Elder.

Various circumstances are a reflection of the mysterious ways of what has heretofore been kept secret about Elden Lords. This player even appears on the other worlds, and these worlds exist in the distant Lands Between. Although still uneasy, this character is surpassingly strong.

I will soon reach what is called the 'human limit'. What lies ahead of me I do not know, but I shall set out with determination.'

An unfamiliar Tarnished comes wandering into my castle!

A Tarnished, whose appearance is quite unusual, has appeared on the other land, unexpectedly. I understand that this is Tarnished no.133, a high level Lord, a true Elden Lord, Orroron. Here is the location information.

I Summoned An Elder.

I met Tarnished no.133 just as he started his journey. He is a Tarnished of legendary standing in his world, and seeks to become an Elder of the deep. He has the desire to clarify his destiny

(Reuters) - Goldman Sachs has notified the U.S. Securities and Exchange Commission (SEC) it is initiating a formal investigation into whether certain of its employees violated the law with respect to certain activities with Uber Technologies Inc. and other unnamed entities, Goldman said on Thursday. A sign is seen outside the new Goldman Sachs building in New York's Diamond District, May 8, 2013. REUTERS/Brendan McDermid Uber's chief technology officer, Thiago Valverde, was arrested at a town hall meeting in San Francisco last month on suspicion of trying to extort millions of dollars from Uber's then-CEO, Travis Kalanick. Uber denies the charge. The SEC and federal prosecutors in San Francisco are investigating the matter. The SEC, which is tasked with overseeing companies that issue securities in public markets, can pursue civil charges against the firm for violating its disclosure rules, but it has broad authority to pursue criminal charges. "Goldman Sachs and the firm's employees have cooperated fully with the SEC's investigation and do not believe that any unlawful conduct occurred," the firm said. "However, even without entering into any underlying investigation, the firm will evaluate any material issues that may arise as the investigation proceeds." The SEC declined to comment. Uber will continue to operate and is not changing its business plan, Chief Executive Dara Khosrowshahi said in an interview after the arrest of Valverde. Uber's main business is a smartphone application that matches passengers with private drivers for rides in cities across the United States. Uber has also aggressively pursued so-called dockless bicycles, bff6bb2d33
